## COLLEGE GO! 2019 Morning Announcements High Schools

### MONDAY

How does \$1 million sound? Pretty good, right? Did you know that someone with a college degree will earn, on average, \$1 million more over a lifetime than someone with just a high school diploma? It's never too early to start planning for education beyond high school. Visit [LearnMoreIndiana.org/college](https://LearnMoreIndiana.org/college) to get tips on what you can be doing each year of high school, and keep an eye out for College GO! events happening all week long at school.

### TUESDAY

Seniors—this is your week! College GO! is all about helping you get where you want to go with your future. But you can't go if you don't apply. So, go to [LearnMoreIndiana.org/college](https://LearnMoreIndiana.org/college) to find links to Indiana colleges, and commit to applying to at least one college this week. A lot of colleges in Indiana are even waiving their application fees this week. Remember—we're here to help. Teachers and counselors would love to help you get that essay in perfect shape or write you a recommendation letter.

### WEDNESDAY

Hello, juniors! I hear some of you are in the driver's seat now. I've got a question: would you buy a car you've never driven? I don't think so! And you shouldn't attend a college you haven't visited. Visiting campuses is the best way to know where you'll succeed. Come talk to your school counselor about getting passes for college visits, or plan a trip on the weekend with your family or friends. Visit [LearnMoreIndiana.org/college](https://LearnMoreIndiana.org/college) for information on college visits.

### THURSDAY

Good morning, 10<sup>th</sup> graders! Quick quiz: are you on track for your dream career? Here's a fact: by the time you graduate, at least two-thirds of new jobs in Indiana will require some form of college degree. College is your ticket to success, whether you choose a bachelor's degree, an apprenticeship program, an associate degree or another option. Find your path during College GO!

### FRIDAY

Hey ninth graders—how many of you can get to California without a map or your cell phone? Probably none! And you won't reach your college and career goals if you don't have a high school graduation plan. Do you know which classes you plan to take, which diploma you'll earn and how to complete your Graduation Pathways? These things matter when it comes to college! Make sure you'll be ready to apply for college. Talk to your school counselor for more information!
