Be a **MOUNTAIN CLIMBER**

To climb a mountain, you have to start at the bottom, put one foot in front of the other and keep going until you reach the top. Goals are like mountains: Start working at what you want to accomplish with smaller steps and keep moving forward until you reach your goal. Start with the mountain to the right. Write your big goal at the top of the mountain. Now starting at the bottom, write three steps— or smaller goals—on the slope of the mountain.

Big Goal:
