What should I do after high school?

That's a big and exciting question! Let's talk about it - **Indiana** has a lot of options to explore:

- 1. Certificate programs in things such as IT, business, healthcare, transportation, manufacturing, and construction
- 2. Associate and Bachelor's degree programs
- 3. Public universities of all sizes (main and regional campuses)
- 4. Community colleges around the state of Indiana
- 5. Private colleges and universities
