GRADUATION PROMISE

Student

I understand that education is key to my future and therefore commit to graduate from high school. I will also take the time to plan and prepare for life after high school by:

- being a responsible citizen and making good choices;
- going to school and actively participating in my learning;
- studying hard and turning in my homework;
- pushing myself to complete an Indiana Diploma with at least one readiness seal (Enrollment, Employment, Enlistment);
- exploring different careers and learning how college includes many options: two- and four-year degrees, certificates, apprenticeship programs and the military; and
- asking for help when I need it.

Exploring Careers & Interests

The first step in exploring your career options is understanding your skills, strengths and interests. What are you good at? What do you enjoy doing? While choosing a career path can feel overwhelming, there are helpful tools that can guide you through the process.

The [Indiana Career Explorer](#) is one resource that allows you to explore careers, education and training options. It also provides interest and aptitude assessments, which can help you discover your strengths, identify your preferences, and connect them to potential career paths.

After using the Indiana Career Explorer or another career exploration tool, list five careers you would like to explore in the table below:

My Careers

5.

Credentials

Every career field has different degrees or credentials that are required for you to be successful. From apprenticeships to doctorate degrees, there are many options for education and training after high school. Use the Indiana Career Explorer to find the highest degree or credential requirement for your chosen career field.

<https://indianacareerexplorer.com/careers/search>

Which degree or credential type is required for your **top** career field? Check the box below.

- Special training or apprenticeship*
- Certificate*
- Associate degree*
- Bachelor's degree*
- Master's degree*
- Doctorate degree*

Finding a school or postsecondary training program to attend is a big decision, and there are many factors to consider: cost of attendance, location, and academic programming are just a few. We are here to help! Use one of these databases or your school's resources to research schools and find the best options for you and your career path:

Big Future College Search <https://bigfuture.collegeboard.org/college-search>
US DOE College Navigator <https://nces.ed.gov/collegenavigator/>

After utilizing the above resources, list 5 schools you would like to attend in the table below:

ScholarTrack

It is recommended to create a ScholarTrack account at scholartrack.in.gov and use the **College Connections** tool to rank your school choices and who you want to hear from! These choices can be changed at any time as your interests evolve.

Unsure about your future plans? That's OK! Learn More Indiana offers many resources for students who are exploring their options. <https://learnmoreindiana.org/college/resources/career-discovery>

The *NEW* Indiana Diploma

The Indiana Diploma structure includes a base (minimum requirements) for every student, plus the opportunity to earn readiness seals aligned with their unique path. Students are encouraged to seize this flexibility by personalizing their high school experience.

Note: 21st Century Scholars starting with the Class of 2029 must earn the Indiana Diploma to qualify for their scholarship. Learn more about maintaining your eligibility at <https://learnmoreindiana.org/scholars#eligibility>.

Readiness Seals

Readiness seals are designed to be permeable, allowing students to update their graduation plan and pivot if their original interests and goals change. Although seals are optional, students are encouraged to utilize the blueprints below to focus their flexible credits into a connected pathway that aligns with their future goals. Students may earn one or multiple seals. Graduation Pathways requirements will be satisfied through completion of any seal.
